NEW ROAD IN ERITREA - (ITALIAN EAST AFRICA)

By: Clerk

Harold M. Granata
Harold M. Granata.

Naples, Italy. Date of completion: September 20, 1935.

Date of mailing: September 21, 1935.

APPROVED:

Coert du Bois

Coert du Bois,
American Consul General.

FILED

OCT 22 1935

FP

An important new road has lately been opened to traffic in Eritrea. It starts on the Asmara-Massaua highway at a point 24 kilometers from Asmara and passes through the villages of Anagullè, Sella, Osip, Fil-Fil, Salomonà, Piana di Sabarguma and again joins the Asmara-Massaua road near Dembè. This detour from the main road will greatly facilitate traffic. Both main road and detour will function as one way roads. The traffic from Massaua to Asmara will take the highway and this new detour will take care of the return traffic.

In this way congestion and delay - due especially to the trucking of military supplies along the main road - will be avoided.
